

Bio

My name is Queralt Antú because my parents wanted non-biblical names and, as they are not common names, people always remember me. I was born in Barcelona and I also live there. During my childhood my parents used to prepared meals for me in the shape of clowns, animals or landscapes with mountains covered by snow or ever tropical beaches. Therefore, I decided to study Design at EINA School in Barcelona. Later on I became curious and I got a Master's Degree in Philosophy at UB (University of Barcelona). Finally, when I was a child I used to draw and make up stories with blank slides. Maybe for that reason I was awarded a scholarship to study a Master in Cinema Direction at the Royal College in 2001. I studied and worked for a long time in this cities: Barcelona, Madrid, Londres and Paris.

As I have already mentioned, I am a Director and Graphic Designer and Co-Founded of GOAL STUDIO. I want my designs to be funny, cheerful and a bit edge-cutting too. In my studio we make the followings activities: Films, Graphic Design, Advertising Films, Illustration, photography, web pages and calligraphy.

My cinema experience: "The Others" dir. Alejandro Amenábar, "Volavérunt" & "Mouche d'Amour" (in post-production) dir. Bigas Luna, "The Tulse Luper Suitcases" dir. Peter Greenaway and "Leon II" dir. Luc Besson.
